ENTON LEMMA

OUR CUSTOMERS SPEAK.

"Received the iris rhizomes - they were really tops in size". Atchison, Kansas.

"Received the iris this morning. Such nice rhizomes and thanks for the extras". Alva, Oklahoma.

"Received the iris and the iris will surely bloom next year - they are so large". Alva, Oklahoma.

"The iris I ordered came today - fine plants with splendid root systems and healthy rhizomes. Thanks so much for the extras". Chanute, Kansas.

"The iris roots came today in fine shape. They certainly are grand ones". Dresden, Kansas.

GREETINGS: - - 1949

If we can stick our heads out of the snowdrifts long enough to say a few words, and then be able to pull our feet out of the mud, we'll mail to you our greetings for the 1949 iris season. We have had a long hard winter—one of the worst in Kansas history. But the robins believed in us and they have come back, and we are thankful that the iris have been tucked away in a blanket of snow all winter.

The brighter sun and the lengthening days bring with them the hope and the pleasant anticipation of another iris season. Here at the ENGLISH IRIS GARDENS our two acres of iris look good and we believe we'll have a good season. We have added many new varieties since our last catalog reached you, and you will find many of the new pinks listed. Our visit last spring to the Sass Gardens in Omaha, and the David Hall gardens in Chicago, resulted in our securing many of their outstanding seedlings for display in our gardens this year. We are setting out our first large planting of our own seedlings this year - so watch for our later introductions! ! ! ? ? ?

We are located just a mile south of Hutchinson on Highway 17 - watch for the illuminated sign. Our blooming season reaches its peak about May 15. If you live in Kansas, you will find our iris garden worth including in a tour of the Kansas iris gardens. Our soil here grows large roots, and the dry summer cures them disease free. Should you buy part of your roots from us, we believe that you will be satisfied.

Join the American Iris Society. The dues are \$3.50 a year and you will receive annually four informative bulletins on the culture of iris, written by men and women that know. Send us your dues with your order and we will give you a dollar iris, free, your choice, and your membership card will be mailed to you.

Happy gardening to you! We offer this list as one garden lover to another, knowing that you will find, as we have, the peace and relaxation that comes from adding new beauty to your garden and home.

ACCREDITED JUDGE OF AMERICAN IRIS SOCIETY

CULTURE

It is a mistake to assume that because iris are extremely hardy that they will not respond to a careful cultural plan. Above all, iris must have full sun and good drainage - given such conditions many of your iris troubles will be averted. Keep all dead leaves and litter removed - these breed disease. Iris will thrive in any ordinary garden soil. A good plan for the fertilizing of iris is to apply gypsum or lime in the spring, superphosphate after blooming, and a feeding of bone-meal in the fall. Larger blooms and more vigorous plants will be your reward.

GUARANTEE

All our stock is state inspected and we guarantee to supply clean, healthy roots, true to name. Adjustment will be made wherever any dissatisfaction occurs.

TERMS

Cash with all orders to be shipped. Orders called for may be paid at that time. On shipping orders less than \$2 add 25¢ to cover packing and postage. Orders will be filled from July 1st to September 15.

BARGAINS

To any order from \$5.00 to \$10.00 select any iris value equal to 10% of your order.

To any order over \$10.00 and up to \$15.00 select any iris value equal to 15% of your order.

To any order above \$15.00 and up to \$25.00 select any iris value equal to 20% of your order.

To any order \$25.00 or more add 25% iris value to your order.

LANDSCAPE COLLECTION

For larger landscape plantings, we can offer many good varieties at greatly reduced prices. Tell us what you have in mind and we will quote prices.
